NO DOUBT ABOUT FAIR'S SUCCESS

Official Says 70 Per Cent of Race
Horses and Concessions Will
Come From Newcastle

MANY FROM FRANKLIN, TOO.

"Old Timers" Who Have Been "Mak-
ing" This Fair For Years Will
be Back Again

Any doubt as to the success of
the Rush county fair next week can
be dispelled by consulting the offi-
cers who have the affairs of the as-
sociation in hands. Noah Tryon,
who is in charge of the concessions
stated this morning that he had been
assured that fully seventy per cent
of the concessions and horses at
the Newcastle fair this week would
come to Rushville next week.

Even a larger per cent will come
from the Franklin fair. The Frank-
lin association is a member of this
circuit, while Newcastle belongs to
the northern circuit. The speed
program of the local fair is espe-
cially strong in attracting the race
men here. A total of \$3,000 has
been hung up in purses and this
looked good to the men at Newcastle
this week.

The concessions are coming here
next week largely because the rates
for space are cheaper than at Con-
nersville. The rate there is double
that charged here and it is proving
a big inducement. It is believed
that the speed program at Conners-
ville will be a fizzle.

It was reported here this morning
that the association there lacked
\$2,000 of having the race program
completed. The \$3,000 hung up
here is ready to be paid the minute
the races are run. With the race
horses at Newcastle divided between
Rushville and Greenville, Ohio, it is
hard to see the Connersville race
program.

Among the old timers coming to
the Rushville fair, that have been
"making" this fair for years are Ol-
lie Miller and Mrs. Jessup. Mrs.
Jessup will be at her old stand and
Miller will be located in the same
place he has occupied for fifteen
years.

The fair ground concessions and
followers will begin arriving here
tomorrow. In anticipation of a large
crowd at the fair grounds Sunday
the Indianapolis and Cincinnati
Traction company has announced a
special service. The schedule of
cars can be found elsewhere.

Followers of the fair this year de-
clare that the racing in this circuit
is the best ever. This is especially
true of the \$500 stake races. The
same horses are entered throughout
the circuit. This week at Franklin
the races have been exceedingly
close and interesting and every
driver is out for the money. This is
what it takes to get the best results.
The people here well remember the
high class racing last year and there
is every reason to believe that this
year's program will be as good if
not better.

Rush county people have more
reason than ever this year of seeing
this fair a success and all over the
county the slogan has become "Rush
County First."

W. S. Oneal announced today that
following the races Tuesday after-
noon some colored boys would stago
a half-mile bicycle race. The first
prize will be \$1, the second 75 cents,
the third 50 and the fourth 25.
The same boys will participate in a
watermelon eating contest after the
bicycle race.

RESORT TO "MANLY ART"

Dr. W. C. Smith and Chauncey
Duncan Settle Trouble With Fists

To settle a grievance of a few
days standing against Chauncey
Duncan, attorney, Dr. Will C. Smith
used his fists on Mr. Duncan at noon
today as the attorney was coming
from the mayors' office. Dr. Smith
claims his name was drawn into a
recent trial in an insinuating manner
by Mr. Duncan and the trouble be-
tween the two men was settled in a
little of the "manly art." The men
were separated before any great
damage resulted. No charges were
filed.

WATSON SPEAKS AT MADISON TODAY

Goes There After Spending Night in
This City and Will be at Cen-
terville Tomorrow

IMMENSE CROWD AT YEDDO

James E. Watson spent last night
at his home in this city and went to
Madison today to address an old
settlers' meeting there this after-
noon. On Saturday afternoon he
will speak to a large gathering at
Centerville, Wayne county.

Mr. Watson delivered the princi-
pal address at the thirty-seventh
annual Fountain County Old Settlers
meeting at Yeddo yesterday after-
noon. The crowd was estimated in
press reports at ten thousand, but
Mr. Watson said the gathering was
out in a grove and that there were
people just as far as he could see in
front of him. The crowd yesterday
was the largest ever attending that
affair.

Mr. Watson was unable to attend
the session for Republican speakers
at the Columbia Club yesterday af-
ternoon when Leslie M. Shaw, sec-
retary of the treasury under McKin-
ley, and James Goodrich, gubernatorial
candidate spoke.

FIRST JUDGMENT OBTAINED TODAY

Business Men's Association Will
Advertise it For Sale if not
Paid in 30 Days

MANY MORE ARE TO BE FILED

The Business Men's Association
obtained judgment by default this
morning against Henry Richardson,
colored. This is the first of a series
of suits directed against the so-
called "dead beats" by the mer-
chants of the city, who are members
of this organization. The amount
of the judgment rendered by Squire
Kratzer was \$9.44 and the costs.
The suit was on an account of long
standing. The bill was owed to John
Morris, a local hardware dealer.

Following the original announce-
ment of the association for private
sale after thirty days, if not paid
by the defendant. If not sold then
it will be offered at public auction.
The Business Men's association has
about two hundred similar suits
that will be filed against different
parties just as soon as the papers
can be prepared.

Messages of Sympathy on Account
of Death of Col. E. H. Wolfe
From Masonic Lodges

FUNERAL SATURDAY AT 2 P. M.

Grand Lodge Officers and Several
Thirty-Third Degree Masons
Will Attend

Practically all of the Masonic
grand lodge officers of the state
have signified their intentions of
attending the funeral services of
Col. Edward H. Wolfe here tomor-
row afternoon. Many messages of
sympathy have been received by the
family.

The funeral services will be con-
ducted at two o'clock Saturday af-
ternoon in the First Presbyterian
church by the Rev. D. Ira Lambert.
The burial will be in charge of the
Masons. Knights Templars will
act as an escort to the Blue lodge
members. Friends may call at the
residence tonight or in the morning.

A large delegation of thirty-third
degree Masons, from almost every
part of the state will attend the
funeral. Col. Wolfe was widely
known throughout the state by reason
of having been grand inspector
for the past eleven years. He was
serving his twelfth year when called
by death.

Most of the grand lodge officers
sent condolences to the family to-
day and messages were also received
from several lodges. A message
was received from Webb lodge of
Richmond in which deep regret was
expressed over the death of Col.
Wolfe.

G. A. R. members, of which or-
ganization Col. Wolfe was a mem-
ber stated today that Col. Wolfe's
death removed the last field officer
of the Fifty-second Indiana regi-
ment. This regiment has left but
three living officers. They are Capt.
Negley of Indianapolis and W. S.
Conde and Smith Carney of this city
who served as lieutenants.

From Hugh S. Birt, Posey
Township Farmer

REQUESTS MAIDEN NAME

Mrs. Amanda E. Birt filed suit
for divorce this morning from Hugh
S. Birt. The parties are well known
residents of Posey township. Mrs.
Birt alleges cruel and inhuman
treatment, claiming that he fre-
quently cursed her and on occasions
knocked her down. The complaint
states that children of Birt's by a
former marriage resided at their
home and that he permitted them to
treat her disrespectfully.

The complaint states that they
were married December 30, 1908 and
separated Aug. 17, 1916. Mrs. Birt
asks for the restoration of her
maiden name of Amanda Henby.
Alimony in the sum of \$3,000 is
asked by the plaintiff who is rep-

ASSERTS SERUM IS NOT TESTED

State Veterinarian is Waging Cam-
paign Against Kind That
Is Not Approved

A CASE IN POINT IS CITED

Farmers Own Fault if They Are so
Gullible Because They Should
Know Better

The state veterinary department
is waging a campaign against the
use of hog cholera serum that has
not been tested and approved by the
department and is attempting to
warn the farmers against the use of
this kind of serum.

Dr. A. F. Nelson, state veterinar-
ian, is especially opposed to the
Slater Serum company. He claims
that farmers are using this and
other serums despite warnings. Under
the date of August 16, Dr. Nelson
has written to local veterinarians
explaining the situation.

The letter of Dr. A. F. Nelson,
state veterinarian, is as follows:

"Referring to your inquiry of this
date in regard to the Slater Serum
Company, will say that their prod-
uct has not been tested and ap-
proved by the Veterinary Depart-
ment of Purdue University in fact,
this company has made no effort to
comply with the Indiana law.

"Dr. Harvey J. Slater has been
active in the locality of Hartford
City, where I understand he once
resided. He placed an 'ad' in the
papers saying that he could immun-
ize any hog weighing from fifty to
one hundred pounds for seventy-two
(72c) cents and treat with serum
alone for forty-two (42c) cents. In
one place in the article he stated
that the United States government
allowed them to give a dosage of
twenty c. e. dosage to a one hundred
pound hog. It seems to me that the
farmer ought not to be so gullible
and swallow his statements, as he is
charging seventy-two cents when he
is immunizing hogs by the simultane-
ous method, showing that he has
no belief in his own statement that
he can immunize with twenty c. e.
of serum. If he could, why does he
charge such a high price? I under-
stand this company is connected
with the Interstate Serum company,
of which Ed. Wigglesworth is man-
ager."

"If the farmers in that locality
with to take up with the company
doing this kind of business, that is
up to them. Purdue University and
this department have tried to in-
form the farmer in regard to per-
sons who are violating the law and
who are claiming to immunize hogs
with a very small amount of serum,
which invariably results in either
lack of immunity or trouble, but
since the farmers continue to believe
persons, whose sole interest is to
sell serum and do not care for ad-
vice or help from this department or
Purdue University, I do not know
how I am able to be of any assist-
ance. In order to accomplish any-
thing the farmers must at least
have some confidence in the authori-
ties who are trying to protect their
interests. We have had the same
experience with A. D. Spurlin, the
only person within this state who
totally disregards the law."

KNIGHTS TEMPLAR
All Knights Templars are
requested to be at the Ma-
sonic lodge room at two
o'clock Saturday afternoon to act
as an escort to the Blue lodge at
the funeral of Col. E. H. Wolfe.

ing an early invasion of Hungary,
the Russians have pressed forward

are approaching the summit of the
mountains in the region of Karo-
mezo, Hungary, it was officially an-
nounced today.

DEFENSE DEMANDS A TRIAL BY JURY

Before Provoke Cases Against Mrs.
Moore and Daughter Start,
Other Charges Dismissed

COSTS ARE AGAINST DUGAN

When the cases against Mrs.
Charles Moore and Alene Moore,
charged with provoke, were called
this morning in Squire Kratzer's
court, the defendants asked for a
jury trial, which was granted by
Special Judge Harley Frazier. The
state elected to try the case against
Mrs. Moore first. A jury was called
and the case was still in progress
this afternoon. It is not expected
that the cases will be completed un-
til some time Monday.

Before his case started Judge
Frazier sustained a motion to dis-
miss the surety of peace proceed-
ings against both Mrs. Moore and
her daughter and assessed the costs
against the prosecuting witness,
William Dugan. The cases were dis-
missed because of a lack of evi-
dence. All of the cases are the
outgrowth of a neighborhood quar-
rel and started over the digging of
a ditch. Dugan says he never at any
time placed any dirt on the ground
of the Moore family.

BOY'S SENTENCES REVOKED TODAY

Ernest and Ralph Pitman of Near
New Salem Must Serve Terms
in Jeffersonville

PETIT LARCENY CHARGED

Judge Sparks this morning re-
voked the order suspending the sen-
tences of Ernest and Ralph Pitman,
of near New Salem, convicted on
May 4 last, of petit larceny and sen-
tenced to serve from one to eight
years. The boys are now in the
custody of the sheriff and will be
taken to Jeffersonville tomorrow.

Ernest is 17 years old and is an
epileptic and when the sentence was
suspended one of the court's orders
was that he should be sent to the
epileptic village. Ralph Pitman is
20 years old.

The suspension was revoked be-
cause the boys had not been report-
ing to the authorities at Jefferson-
ville as required by law and the
court learned on reliable authority
that they have been guilty of lar-
ceny since May 4. The boys stole
some chickens and entered a plea of
guilty at the time of their arraign-
ment.

STRIKE AGAIN LOOMS UP TODAY

Railway Presidents Leave White
House Determined Not to Ac-
cept Wilson's Proposal

RAIL WORKERS' MEN FOR IT

Executives Assert President is Ar-
bitrarily Trying to Force it
Down Their Throats

(By United Press.)
Washington, August 18.—A nation
wide strike tying up all railroads of
the country again loomed up this
afternoon. Thirty-one railway pres-
idents left the white house deter-
mined, they said, not to accept a
proposal by President Wilson in-
tended to avert such a national cal-
amity.

Fifteen minutes later the 640
representatives of the railroad
workers announced they had voted
to accept the proposal.

The executives contended—with
bitterness—that the president is ar-
bitrarily trying to force down the
throats of the railroads an 8-hour
working day before the feasibility of
its application to railroad operation
has been investigated.

"When a railroad attempts to in-
crease its rates," one official said,
"it must first show good and sufficient
cause and subject itself to a thor-
ough investigation. Why it is not
that a railroad is entitled to show
cause why it should increase its
salaries to employees before having
to pay its employees."

President Wilson was asked today
by the heads of the railway brother-
hoods to modify the proposal he
submitted to the 640 members of
the general committee as a basis for
settlement of their dispute with the
railroads. The request was made
through Judge Chamber of the fed-
eral board of mediation and concili-
ation. It is understood to suggest
that the President fix some method
whereby there could be no excessive
overtime with the 8-hour day
scheme.

The railway wage conflict—with
the threat of a general strike hang-
ing over all proceedings—appeared
likely to come to a head before the
day ended.

With favorable action by the 640
representatives of the railroad
brotherhoods, forecasts as they met
to vote on President Wilson's basis
of settlement, greater interest cen-
tered in the attitude of the railway
presidents.

The railroad heads were slow in
arriving in Washington and the con-
ference with President Wilson
scheduled for 11:30 was postponed
until 2 o'clock this afternoon.

It was evident today that the rail-
road presidents were in a hostile
mood. That they would support the
position of the managers who de-
clined to accede to the president's
proposal of an 8-hour day basis
settlement was freely predicted.

What will be the next step should
the president fail to gain agreement
of the railroad heads to his proposal
was unknown. The president was
up early this morning working on
the appeal he will make to the rail-
road heads. The regular cabinet
meeting was called off and no visi-
tors were admitted.

Congratulations To—

Smith Carney, veteran of the Civil
war and well known resident of this
city, who is 78 years old today. Mr.
Carney was a lieutenant in Company
G., Fifty-second Indiana Regiment.

The insuperable handicap of the Democratic party in this campaign is its record.

If the Democratic national administration had left on the statute books in 1894 the federal corrupt practices act placed there by the Republicans there would be no occasion for the present administration's campaign publicity measure, which at best is a very poor substitute for the law repealed.

President Wilson's campaign managers are entitled to all the comfort they can get out of calling the roll of Progressives who are going to vote for him. It would be an endless task to call the roll of Progressives who are not going to vote for him.

For every reason that can be advanced why Progressives should vote for Wilson ten can be advanced why they should vote for Hughes, and the beauty of it is that they know the reasons without having to be told.

The Wilson administration went into Mexico to punish Villa for his outrage on American soil. The only punishment inflicted has been on American soldiers, who were shot down at Carrizal by order of First Chief Carranza.

"Franklin Roosevelt, assistant secretary of the navy, sees a strong trend for Wilson in Maine."—News Dispatch. Who can blame a man who for three years has been assistant to Josephus Daniels for "seeing things?"

Even Woodrow Wilson could not save the infamous Clarke amendment to the Philippines bill. He lost the ablest member of his cabinet, Secretary Garrison, because of his advocacy of the policy of scuttle, but even the sacrifice of Garrison could not save it.

WILSON'S POLICIES BLOWN UP. Charles Evans Hughes did have explosives with him when his motorcar was searched by a Canadian soldier, but they were under the candidate's hat. Mr. Hughes will set them off on his western tour, and some of Mr. Wilson's policies will be blown up—New York Sun.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Wilson and the Strike

Rominger Quits

Henry S. Rominger, treasurer of the Progressive state committee, has resigned, with the assertion that the best interests of the Progressives will be conserved by voting the Republican ticket, "and that most of them will do," he adds. Rominger says he does not believe that the party should do opposite from what such leaders as Roosevelt, Beveridge, Perkins and Robins have advised.

Furthermore, Rominger says he does not know where the money is coming from to make a campaign

Health Restored by Lydia
E. Pinkham's Vegetable
Compound.

Jamaica, N. Y.—"I suffered greatly with my head and with backache, was weak, dizzy, nervous, with hot flashes and felt very miserable, as I was irregular for two years. One day when I was feeling unusually bad my sister-in-law came in and said, 'I wish you would try Lydia E. Pinkham's Compound.' So I began taking it and I am now in good health and am cured. I took the Compound three times a day after meals, and on retiring at night. I always keep a bottle in the house."—Mrs. L. N. BURNHAM, 35 Globe Ave., Jamaica, N. Y.

Women who recover their health naturally tell others what helped them. Some write and allow their names and photographs to be published with testimonials. Many more tell their friends.

and that he does not approve of the methods Lee is using to finance the campaign. He sent in his resignation more than two weeks ago so that his successor could be picked at the state meeting of Progressive leaders, but one has been named yet. The place was offered to W. W. Gregg, but his response was that he intended to vote the Republican ticket. Rominger has been one of the most substantial Progressives in the state, having served in various capacities in the organization.

General Caranza, alleged friend of the United States, who has been recognized by this government, is placing the bars higher for foreigners continually. He has now decreed that all foreigners who intend to acquire any public lands or any of the natural resources of the country shall renounce treaty rights and shall have no more privileges than Mexicans. In other words, Americans with any property in Mexico are not expected to appeal to their government for protection if Caranza should happen to get it into his head that he wanted to confiscate the property.

Senator Taggart has always been upheld by Democrats as the unselfish leader who is always working for the good of the party, but they have found that since he is a candidate, regardless of the party, he is working for T. T.

Hair Often Ruined
By Washing With Soap

Soap should be used very carefully, if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it.

The best thing for steady use is just ordinary mulsed coconut oil (which is pure and greasless), and is better than the most expensive soap or anything else you can use.

One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage.

You can get mulsed coconut oil at any pharmacy, it's very cheap, and a few ounces will supply every member of the family for months.

Work of Tanlac—Terms
It Wonderful

Muncie, Ind., Aug. 17.—Mrs. Lovine Rickert, a well known resident of this city, who lives at 1503 A street, Whitely, is one of the hundreds of friends, Tanlac, the Master Medicine, has made among residents of Muncie and vicinity. Mrs. Rickert said:

"For some time I have had stomach and kidney troubles and rheumatism. I was subject to severe headaches and frequently I became dizzy. Rheumatic pains in my shoulders bothered me. My chest was sore. I had a bad taste in my mouth. Gas formed on my stomach.

"I got up in the mornings feeling rested and refreshed since taking Tanlac. My food digests properly now. The pains in my shoulders have disappeared. The work of Tanlac in my case has been wonderful."

Tanlac, the Master Medicine, is especially beneficial for stomach, liver and kidney trouble, catarrhal complaints, rheumatism, nervousness and the like and is fine for relieving the after effects of hard coughs, colds, grippe, pneumonia, and the like.

Tanlac is now sold exclusively in Rushville at F. E. Wolcott's drug store; in Arlington at Mrs. L. T. Davis's; in Carthage at J. H. McCarthy & Son's and in Milroy at Barton & Sheppard's.—(Adv.)

THE newsboy is the bell ringer of modern commercial life. He keeps the public supplied with its great shopping guide—the daily newspaper.

Every line of advertising in this newspaper is selling goods to some one and for some one. It is helping people who have wants to fill—helping buyer and seller.

Up-to-date storekeepers find it profitable to watch newspaper advertising with microscopic eyes.

When they see goods they carry in stock advertised by the manufacturer, they bring them forward—they put them in their window. The storekeepers know people will want to see them.

They co-operate with the newspaper advertising, and they find this co-operation sells goods for them.

They know the customers attracted to their store by newspaper advertised goods may be made permanent friends. They know their co-operation marks them as up-to-date merchants.

NO REASON FOR IT

When Rushville Citizen Show a Way

There can be no reason why any reader of this who suffers the tortures of an aching back, the annoyance of urinary disorders, the pains and dangers of kidney ills will fail to heed the words of a neighbor who has found relief. Read what a Rushville citizen says:

Mrs. Lizzie Borem, 840 W. 9th St., Rushville, says: "About six years ago I began to have trouble with my kidneys. The kidney secretions were very annoying and the trouble kept getting worse. The kidney secretions were very painful in passage and scanty. Doctors said it was gravel, but none of them ever did me any good. A short time ago I heard of how someone else was cured by Doan's Kidney Pills, so I got a box at Wolcott's Drug Store. They helped me and I kept on using them. I have taken four boxes so far and the pain has left and I feel a great deal better. I believe that Doan's Kidney Pills will cure me."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Borem had. Foster-Milburn Co., Props., Buffalo, N. Y.—(Adv.)

The Fishing Cure

There's nothing that builds up a toll weary soul
Like a day on a stream,
Back on the banks of the old fishing hole
Then a fellow can dream.
There's nothing so good for a man as to flee
From the city and lie
Full length in the shade of a whispering tree
And gaze at the sky.
Out there where the strife and the greed are forgot
And the struggle for pelf,
A man can get rid of each taint and each spot
And clean up himself.
He can be what he wanted to be when a boy,
If only in dreams;
And revel once more in the depths of a joy
That's as real as it seems.
Things that he hates never follow him there—
The jar of the street,
The rivalries petty, the struggling unfair—
For the open is sweet.
In purity's realm he can rest and be clean,
Be he humble or great,
And as peaceful his soul may become as the scene
That his eyes contemplate.
It is good for the world that men hunger to go
To the banks of a stream,
And weary of sham and of pomp and of show
They have somewhere to dream.
For this life would be dreary and sordid and base
Did they not now and then
Seek refreshment and calm in God's wide open space
And come back to be men.

TIDE IS RISING AT GALVESTON, TEX.

Fear of Another Disastrous Flood is Aroused Because Hurricane is Headed That Way

MAY HIT NEAR BROWNSVILLE

(By United Press.)
Houston, Texas, August 18.—Railroad and interurbans have been running special trains all day carrying persons from Galveston to the mainland as a result of a slight rise in the tide at the Galveston sea wall, attributable to the gulf hurricane. The local weather bureau says the storm will strike the coast probably late this afternoon between Brownsville, Galveston and Houston. The wind may reach a maximum of 50 miles an hour. At noon the wind was blowing 30 miles an hour here.

WIRES DOWN

(By United Press.)
Dallas, Texas, August 18.—The local Western Union office reported that all wires between San Antonio and Brownsville went out shortly before 2 o'clock this afternoon. The interruption is believed due to the Galveston hurricane.

POINTED PARAGRAPHS FROM SPEECH OF ACCEPTANCE OF CHARLES E. HUGHES.

It is apparent that we are shockingly unprepared.
When we contemplate industrial and commercial conditions, we see that we are living in a fool's paradise.
Not only have we a host of resources short of war by which to enforce our just demands, but we shall never promote our peace by being stronger in words than in deeds.
We are neither deceived nor benumbed by abnormal conditions. We know that we are in a critical period, perhaps more critical than any period since the civil war.
The administration utterly failed to perform its obvious duty to secure protection for the lives and property of our citizens. It is most unworthy to slur those who have investments in Mexico in order to escape a condemnation for the nonperformance of this duty.
It is only through international co-operation giving a reasonable assurance of peace that we may hope for the limitation of armaments.
We have determined to cut out, root and branch, monopolistic practices, but we can do this without hobbling enterprise or narrowing the scope of legitimate achievement.
We demand a simple, business-like budget.
I believe it is only through a responsible budget, proposed by the executive, that we shall avoid financial waste.
We have had brave words in a series of notes, but, despite our protests, the lives of Americans have been destroyed.

WILSON VETOES THE ARMY BILL

His Action Results From Provision Exempting Retired Officers From Service

CHANGED BILL INTRODUCED

In His Veto Message President Suggests Constitutional Objection to Legislation

(By United Press.)

Washington, August 18.—President Wilson today vetoed the army appropriation bill. His action resulted from a provision on the bill exempting retiring army officers from liability of service and discipline under the articles of war.

The exemption provision itself grew out of exceptions made by certain retired officers when asked to serve at recruiting offices and mustering stations following the outbreak of the Mexican situation.

Within an hour after the veto reached the house, Chairman Hay who fathered the exemption plan, introduced the measure minus any mention of the articles of war.

In his veto message to congress the president suggested a constitutional objection to such legislation.

So long as retired officers are continued in their positions as members of the United States army, he said, they can not under the constitution be relieved of obedience to the president. The message expresses doubt that the majority of retired officers wanted such an exemption.

ADEQUATE NATIONAL DEFENSE DEMANDED

We demand adequate national defense; adequate protection on both our western and eastern coasts. We demand thoroughness and efficiency in both arms of the service. It seems to be plain that our regular army is too small. We are too great a country to require of our citizens who are engaged in peaceful vocations the sort of military service to which they are now called. As well insist that our citizens in this metropolis be summoned to put out fires and police the streets. We do not count it inconsistent with our liberties, or with our democratic ideals, to have an adequate police force. With a population of nearly 100,000,000 we need to be sure of ourselves than to become alarmed at the prospect of having a regular army which can reasonably protect our border, and perform such other military service as may be required, in the absence of a grave emergency. I believe, further, that there should be not only a reasonable increase in the regular army, but that the first citizen reserve subject to call should be enlisted as a federal army and trained under federal authority.—From Mr. Hughes' Speech of Acceptance.

ADVISES MEN TO STAY HOME

Secretary of Chamber of Commerce
States That Labor Conditions
are Not Healthy

HIGH WAGES FOR TIME BEING

Other States May Pay Higher
Prices Than Indiana but not so
in the Long Run

(By United Press.)

Indianapolis, August 12.—Indiana working men who have good jobs in the Hoosier state should think twice before they give them up to accept positions in cities where manufacturing is booming and where high wages are being paid.

This was the warning issued to Indiana working men today by Ernest N. Smith, general secretary of the Indianapolis Chamber of Commerce. Smith has just returned from a trip through the middle west during which he conducted a thorough investigation of labor conditions. His investigation followed attempts by manufacturers from neighboring states and eastern cities to induce Indiana working men to leave the state through the offering of high wages.

"It is true that in a number of cities in the middle west and the east wages are higher than in Indiana," said Secretary Smith to the United Press today, "but everything connected with living has risen equally in price. The state of Indiana is enjoying a healthy business growth and there is practically none of the leverish boom conditions found in other states. Any Indiana working man will make money in the long run by staying in the state."

In several cities where there is a business boom of large proportions because of war orders, hundreds of carloads of household goods are standing on the railroad tracks because of the inability of their owners to secure houses, according to Smith. In other cases workmen on going to a boom town have been forced to live in two and three room apartments.

"A number of large manufacturers who are now profiting from rush orders told me," said Smith, "that they can not much longer stand the strain of the high wages now being paid skilled mechanics and industrial workers. The moment the orders slacken in the least they say they will be forced to decrease wages and curtail their working force. It is natural that the newcomers will be dropped first."

"In view of conditions as I found them everywhere my advice to Indiana working men is to stay at home even if wages are lower."

HOOSIER BRIEFS

Hartford City—The death knell of the common drinking cup in the Blackford county court has been rung. Following the general order issued by the state board of health, the county commissioners has appropriated money for three fountains.

Pennville—Whether Jay county will again figure as an oil producing region will soon be known. A well is being driven here which will answer the question forever as far as Pennville is concerned. A number of old wells are still producing but no high-producing ones have been drilled for several years.

We put it up to Hundreds of Dentists

Long before SENRECO was offered to you we submitted it to hundreds of dentists, requesting that they put it to every test. Told them that we believed Senreco to be an unusually good dentifrice, especially as to its cleansing qualities and its remedial action on sore, soft, bleeding gums; in the treatment of Pyorrhea, etc. Submitted the formula and asked them their opinion. They tested Senreco from every angle; some going even so far as to make a chemical analysis—

And They Voted Yes

With practically one accord—said:

"Senreco appeals to me more than any dentifrice I have ever seen." "I cannot say too much for Senreco. It's one of the best I have used." "I can recommend Senreco as the best." "Makes the teeth glisten and is free from injurious ingredients, including pumice and grit." "I am indeed glad to get a tooth paste that does the work." "Congratulate you on formulating a dentifrice that gives one a new idea of mouth cleanliness, etc." (These quotations are from the dentists' reports. Originals on file at our office.)

With such endorsements from the men who know; why not go to your dealer today and get a tube of SENRECO—25c. Keep your teeth REALLY CLEAN, and protect yourself against Pyorrhea and decay.

A copy of the folder, "The Most General Disease in the World" together with a liberal trial size tube of SENRECO will be mailed you for 4c in stamps. The Sentinal Remedies Co., Inc. Dept. B, Masonic Temple, Cincinnati, Ohio.

NO DOUBT ABOUT FAIR'S SUCCESS

Official Says 70 Per Cent of Race
Horses and Concessions Will
Come From Newcastle

MANY FROM FRANKLIN, TOO.

"Old Timers" Who Have Been "Mak-
ing" This Fair For Years Will
be Back Again

Any doubt as to the success of
the Rush county fair next week can
be dispelled by consulting the offi-
cers who have the affairs of the as-
sociation in hands. Noah Tryon,
who is in charge of the concessions
stated this morning that he had been
assured that fully seventy per cent
of the concessions and horses at
the Newcastle fair this week would
come to Rushville next week.

Even a larger per cent will come
from the Franklin fair. The Frank-
lin association is a member of this
circuit, while Newcastle belongs to
the northern circuit. The speed
program of the local fair is espe-
cially strong in attracting the race
men here. A total of \$3,000 has
been hung up in purses and this
looked good to the men at Newcastle
this week.

The concessions are coming here
next week largely because the rates
for space are cheaper than at Con-
nersville. The rate there is double
that charged here and it is proving
a big inducement. It is believed
that the speed program at Conners-
ville will be a fizzle.

It was reported here this morning
that the association there lacked
\$2,000 of having the race program
completed. The \$3,000 hung up
here is ready to be paid the minute
the races are run. With the race
horses at Newcastle divided between
Rushville and Greenville, Ohio, it is
hard to see the Connersville race
program.

Among the old timers coming to
the Rushville fair, that have been
"making" this fair for years are Ol-
lie Miller and Mrs. Jessup. Mrs.
Jessup will be at her old stand and
Miller will be located in the same
place he has occupied for fifteen
years.

The fair ground concessions and
followers will begin arriving here
tomorrow. In anticipation of a large
crowd at the fair grounds Sunday
the Indianapolis and Cincinnati
Traction company has announced a
special service. The schedule of
cars can be found elsewhere.

Followers of the fair this year de-
clare that the racing in this circuit
is the best ever. This is especially
true of the \$500 stake races. The
same horses are entered throughout
the circuit. This week at Franklin
the races have been exceedingly
close and interesting and every
driver is out for the money. This is
what it takes to get the best results.
The people here well remember the
high class racing last year and there
is every reason to believe that this
year's program will be as good if
not better.

Rush county people have more
reason than ever this year of seeing
this fair a success and all over the
county the slogan has become "Rush
County First."

W. S. Oneal announced today that
following the races Tuesday after-
noon some colored boys would stage
a half-mile bicycle race. The first
prize will be \$1, the second 75 cents,
the third 50 and the fourth 25.
The same boys will participate in a
watermelon eating contest after the
bicycle race.

Dr. W. C. Smith and Chauncey
Duncan Settle Trouble With Fists

To settle a grievance of a few
days standing against Chauncey
Duncan, attorney, Dr. Will C. Smith
used his fists on Mr. Duncan at noon
today as the attorney was coming
from the mayors' office. Dr. Smith
claims his name was drawn into a
recent trial in an insinuating manner
by Mr. Duncan and the trouble be-
tween the two men was settled in a
little of the "manly art." The men
were separated before any great
damage resulted. No charges were
filed.

WATSON SPEAKS AT MADISON TODAY

Goes There After Spending Night in
This City and Will be at Cen-
terville Tomorrow

IMMENSE CROWD AT YEDDO

James E. Watson spent last night
at his home in this city and went to
Madison today to address an old
settlers' meeting there this after-
noon. On Saturday afternoon he
will speak to a large gathering at
Centerville, Wayne county.

Mr. Watson delivered the prin-
cipal address at the thirty-seventh
annual Fountain County Old Settlers
meeting at Yeddo yesterday after-
noon. The crowd was estimated in
press reports at ten thousand, but
Mr. Watson said the gathering was
out in a grove and that there were
people just as far as he could see in
front of him. The crowd yesterday
was the largest ever attending that
affair.

Mr. Watson was unable to attend
the session for Republican speakers
at the Columbia Club yesterday af-
ternoon when Leslie M. Shaw, secre-
tary of the treasury under McKin-
ley, and James Goodrich, gubernat-
orial candidate spoke.

MANY MORE ARE TO BE FILED

obtained judgment by default this
morning against Henry Richardson,
colored. This is the first of a series
of suits directed against the so
called "dead beats" by the mer-
chants of the city, who are members
of this organization. The amount
of the judgment rendered by Squire
Kratzer was \$9.44 and the costs.
The suit was on an account of long
standing. The bill was owed to John
Morris, a local hardware dealer.

Following the original announce-
ment of the association for private
sale after thirty days, if not paid
by the defendant. If not sold then
it will be offered at public auction.
The Business Men's association has
about two hundred similar suits
that will be filed against different
parties just as soon as the papers
can be prepared.

Practically all of the Masonic
grand lodge officers of the state
have signified their intentions of
attending the funeral services of
Col. Edward H. Wolfe here tomor-
row afternoon. Many messages of
sympathy have been received by the
family.

The funeral services will be con-
ducted at two o'clock Saturday af-
ternoon in the First Presbyterian
church by the Rev. D. Ira Lambert.
The burial will be in charge of the
Masons. Knights Templars will

A large delegation of thirty-third
degree Masons, from almost every
part of the state will attend the
funeral. Col. Wolfe was widely
known throughout the state by rea-
son of having been grand inspector
for the past eleven years. He was
serving his twelfth year when called
by death.

Most of the grand lodge officers
sent condolences to the family to-
day and messages were also received
from several lodges. A message
was received from Welsh lodge of
Richmond in which deep regret was
expressed over the death of Col.
Wolfe.

G. A. R. members, of which or-
ganization Col. Wolfe was a mem-
ber stated today that Col. Wolfe's
death removed the last field officer
of the Fifty-second Indiana reg-
iment. This regiment has left but
three living officers. They are Capt.
Nugley of Indianapolis and W. S.
Conde and Smith Carney of this city
who served as lieutenants.

Mrs. Amanda E. Birt Wants Divorce
From Hugh S. Birt, Posey
Township Farmer

REQUESTS MAIDEN NAME

Mrs. Amanda E. Birt filed suit
for divorce this morning from Hugh
S. Birt. The parties are well known
residents of Posey township. Mrs.
Birt alleges cruel and inhuman
treatment, claiming that he fre-
quently cursed her and on occasions
knocked her down. The complaint
states that children of Birt's by a
former marriage resided at their
home and that he permitted them to
treat her disrespectfully.

The complaint states that they
were married December 30, 1908 and
separated Aug. 17, 1916. Mrs. Birt
asks for the restoration of her
maiden name of Amanda Henby.
Alimony in the sum of \$3,000 is
asked by the plaintiff who is rep-
resented by Kiplinger and Smith.

ASSERTS SERUM IS NOT TESTED

State Veterinarian is Waging Cam-
paign Against Kind That
Is Not Approved

A CASE IN POINT IS CITED

Farmers Own Fault if They Are so
Gullible Because They Should
Know Better

The state veterinary department
is waging a campaign against the
use of hog cholera serum that has
not been tested and approved by the
department and is attempting to
warn the farmers against the use of
this kind of serum.

Dr. A. F. Nelson, state veterinar-
ian, is especially opposed to the
Slater Serum company. He claims
that farmers are using this and
other serums despite warnings. Un-
der the date of August 16, Dr. Nel-
son has written to local veterinar-
ians explaining the situation.

The letter of Dr. A. F. Nelson,
state veterinarian, is as follows:
"Referring to your inquiry of this
date in regard to the Slater Serum
Company, will say that their pro-
duct has not been tested and ap-
proved by the Veterinary Depart-
ment of Purdue University in fact,
this company has made no effort to
comply with the Indiana law.

"Dr. Harvey J. Slater has been
active in the locality of Hartford
City, where I understand he once
resided. He placed an 'ad' in the
papers saying that he could immu-
nize any hog weighing from fifty to
one hundred pounds, for seventy-two
(72c) cents and treat with serum
alone for forty-two (42c) cents. In
one place in the article he stated
that the United States government
allowed them to give a dosage of
twenty c. c. dosage to a one hundred
pound hog. It seems to me that the
farmer ought not to be so gullible
and swallow his statements, as he is
charging seventy-two cents when he
is immunizing hogs by the simultane-
ous method, showing that he has
no belief in his own statement that
he can immunize with twenty c. c.
of serum. If he could, why does he
charge such a high price? I under-
stand this company is connected
with the Interstate Serum company,
of which Ed. Wigglesworth is man-
ager."

"If the farmers in that locality
with to take up with the company
doing this kind of business, that is
up to them. Purdue University and
this department have tried to in-
form the farmer in regard to per-
sons who are violating the law and
who are claiming to immunize hogs
with a very small amount of serum,
which invariably results in either
lack of immunity or trouble, but
since the farmers continue to believe
persons, whose sole interest is to
sell serum and do not care for ad-
vice or help from this department or
Purdue University, I do not know
how I am able to be of any assist-
ance. In order to accomplish any-
thing the farmers must at least
have some confidence in the authori-
ties who are trying to protect their
interests. We have had the same
experience with A. D. Spurlin, the
only person within this state who
totally disregards the law."

sonic lodge room at two

DEFENSE DEMANDS A TRIAL BY JURY

Before Provoke Cases Against Mrs.
Moore and Daughter Start,
Other Charges Dismissed

COSTS ARE AGAINST DUGAN

When the cases against Mrs.
Charles Moore and Alene Moore,
charged with provoke, were called
this morning in Squire Kratzer's
court, the defendants asked for a
jury trial, which was granted by
Special Judge Harley Frazier. The
state elected to try the case against
Mrs. Moore first. A jury was called
and the case was still in progress
this afternoon. It is not expected
that the cases will be completed un-
til some time Monday.

Before his case started Judge
Frazier sustained a motion to dis-
miss the surety of peace proceed-
ings against both Mrs. Moore and
her daughter and assessed the costs
against the prosecuting witness,
William Dugan. The cases were dis-
missed because of a lack of evi-
dence. All of the cases are the
outgrowth of a neighborhood quar-
rel and started over the digging of
a ditch. Dugan says he never at any
time placed any dirt on the ground
of the Moore family.

BOY'S SENTENCES REVOKED TODAY

Ernest and Ralph Pitman of Near
New Salem Must Serve Terms
in Jeffersonville

PETIT LARCENY CHARGED

Judge Sparks this morning re-
voked the order suspending the sen-
tences of Ernest and Ralph Pitman,
of near New Salem, convicted on
May 4 last, of petit larceny and sen-
tenced to serve from one to eight
years. The boys are now in the
custody of the sheriff and will be
taken to Jeffersonville tomorrow.

Ernest is 17 years old and is an
epileptic and when the sentence was
suspended one of the court's orders
was that he should be sent to the
epileptic village. Ralph Pitman is
20 years old.

The suspension was revoked be-
cause the boys had not been report-
ing to the authorities at Jefferson-
ville as required by law and the
court learned on reliable authority
that they have been guilty of lar-
ceny since May 4. The boys stole
some chickens and entered a plea of
guilty at the time of their arraign-
ment.

STRIKE AGAIN LOOMS UP TODAY

Railway Presidents Leave White
House Determined Not to Ac-
cept Wilson's Proposal

RAIL WORKERS' MEN FOR IT

Executives Assert President is Ar-
bitrarily Trying to Force it
Down Their Throats

(By United Press.)
Washington, August 18.—A nation
wide strike tying up all railroads of
the country again loomed up this
afternoon. Thirty-one railway pres-
idents left the white house deter-
mined, they said, not to accept a
proposal by President Wilson in-
tended to avert such a national cal-
amity.

Fifteen minutes later the 640
representatives of the railroad
workers announced they had voted
to accept the proposal.

The executives contended—with
bitterness—that the president is ar-
bitrarily trying to force down the
throats of the railroads an 8-hour
working day before the feasibility of
its application to railroad operation
has been investigated.

"When a railroad attempts to in-
crease its rates," one official said,
"it must first show good and sufficient
cause and subject itself to a thor-
ough investigation. Why it is not
that a railroad is entitled to show
cause why it should increase its
salaries to employees before having
to pay its employees."

President Wilson was asked today
by the heads of the railway broth-
erhoods to modify the proposal he
submitted to the 640 members of
the general committee as a basis for
settlement of their dispute with the
railroads. The request was made
through Judge Chamber of the fed-
eral board of mediation and concili-
ation. It is understood to suggest
that the President fix some method
whereby there could be no excessive
overtime with the 8-hour day
scheme.

The railway wage conflict—with
the threat of a general strike hang-
ing over all proceedings—appeared
likely to come to a head before the
day ended.

With favorable action by the 640
representatives of the railroad
brotherhoods, forecasts as they met
to vote on President Wilson's basis
of settlement, greater interest cen-
tered in the attitude of the railway
presidents.

The railroad heads were slow in
arriving in Washington and the con-
ference with President Wilson
scheduled for 11:30 was postponed
until 2 o'clock this afternoon.

It was evident today that the rail-
road presidents were in a hostile
mood. That they would support the
position of the managers who de-
clined to accede to the president's
proposal of an 8-hour day basis
settlement was freely predicted.

What will be the next step should
the president fail to gain agreement
of the railroad heads to his proposal
was unknown. The president was
up early this morning working on
the appeal he will make to the rail-
road heads. The regular cabinet
meeting was called off and no visi-
tors were admitted.

Congratulations To

Smith Carney, veteran of the civil
war and well known resident of this
city, who is 78 years old today. Mr.
Carney was a lieutenant in Company
G, Fifty-second Indiana Regiment.

The insuperable handicap of the
Democratic party in this campaign is
its record.
If the Democratic national adminis-
tration had left on the statute books in
1894 the federal corrupt practices act
placed there by the Republicans there
would be no occasion for the present
administration's campaign publicity
measure, which at best is a very poor
substitute for the law repealed.

President Wilson's campaign man-
agers are entitled to all the comfort
they can get out of calling the roll of
Progressives who are going to vote for
him. It would be an endless task to
call the roll of Progressives who are
not going to vote for him.

For every reason that can be
advanced why Progressives should vote
for Wilson, ten can be advanced why
they should vote for Hughes, and the
beauty of it is that they know the rea-
sons without having to be told.

The Wilson administration went into
Mexico to punish Villa for his out-
rage on American soil. The only pun-
ishment inflicted has been on American
soldiers, who were shot down at Car-
rizal by order of First Chief Carranza.

Franklin Roosevelt, assistant sec-
retary of the navy, sees a strong trend
for Wilson in Maine. News Dispatch.
Who can blame a man who for three
years has been assistant to Josephus
Daniels for "seeing things"?

Even Woodrow Wilson could not
save the infamous Clarke amendment
to the Philippines bill. He lost the
ablest member of his cabinet, Sec-
retary Garrison, because of his advocacy
of the policy of scuttle, but even the
sacrifice of Garrison could not save it.

WILSON'S POLICIES BLOWN UP.
Charles Evans Hughes did have ex-
plosives with him when his motorcar
was searched by a Canadian soldier,
but they were under the car and not
on him. He might get them out of
his western tour, and some of Mr. Wil-
son's policies will be blown up. New

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Wilson and the Strike

Rominger Quits

Henry S. Rominger, treasurer of the Progressive state committee, has resigned, with the assertion that the best interests of the Progressives will be conserved by voting the Republican ticket, "and that most of them will do," he adds. Rominger says he does not believe that the party should do opposite from what such leaders as Roosevelt, Beveridge, Perkins and Robins have advised.

Furthermore, Rominger says he does not know where the money is coming from to make a campaign.

WOMAN WEAK, DIZZY, NERVOUS

Health Restored by Lydia E. Pinkham's Vegetable Compound.

Jamaica, N. Y.—"I suffered greatly with my head and with backache, was weak, dizzy, nervous, with hot flashes and felt very miserable, as I was irregular for two years. One day when I was feeling unusually bad my sister-in-law came in and said, 'I wish you would try Lydia E. Pinkham's Compound.' So I began taking it and I am now in good health and am cured. I took the Compound three times a day after meals, and on retiring at night. I always keep a bottle in the house."—Mrs. B. N. BURNHAM, 85 Globe Ave., Jamaica, N. Y.

Women who recover their health naturally tell others what helped them. Some write and allow their names and photographs to be published with testimonials. Many more tell their friends.

and that he does not approve of the methods Lee is using to finance the campaign. He sent in his resignation more than two weeks ago so that his successor could be picked at the state meeting of Progressive leaders, but one has been named yet. The place was offered to W. W. Gregg, but his response was that he intended to vote the Republican ticket. Rominger has been one of the most substantial Progressives in the state, having served in various capacities in the organization.

General Caranza, alleged friend of the United States, who has been recognized by this government, is placing the bars higher for foreigners continually. He has now decreed that all foreigners who intend to acquire any public lands or any of the natural resources of the country shall renounce treaty rights and shall have no more privileges than Mexicans. In other words, Americans with any property in Mexico are not expected to appeal to their government for protection if Caranza should happen to get it into his head that he wanted to confiscate the property.

Senator Taggart has always been upheld by Democrats as the unselfish leader who is always working for the good of the party, but they have found that since he is a candidate, regardless of the party, he is working for T. T.

Hair Often Ruined By Washing With Soap

Soap should be used very carefully, if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it.

The best thing for steady use is just ordinary mulsified coconut oil (which is pure and greaseless), and is better than the most expensive soap of anything else you can use.

One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage.

You can get mulsified coconut oil at any pharmacy, it's very cheap, and a few ounces will supply every member of the family for months.

Muncie Woman Describes the Good Work of Tanlac—Terms It Wonderful

Muncie, Ind., Aug. 17.—Mrs. Lovine Rickert, a well known resident of this city, who lives at 1503 A street, Whitely, is one of the hundreds of friends, Tanlac, the Master Medicine, has made among residents of Muncie and vicinity. Mrs. Rickert said:

"For some time I have had stomach and kidney troubles and rheumatism. I was subject to severe headaches and frequently I became dizzy. Rheumatic pains in my shoulders bothered me. My chest was sore. I had a bad taste in my mouth. Gas formed on my stomach.

"I got up in the mornings feeling rested and refreshed since taking Tanlac. My food digests properly now. The pains in my shoulders have disappeared. The work of Tanlac in my case has been wonderful."

Tanlac, the Master Medicine, is especially beneficial for stomach, liver and kidney trouble, catarrhal complaints, rheumatism, nervousness and the like and is fine for relieving the after effects of hard coughs, colds, lagrippe, pneumonia, and the like.

Tanlac is now sold exclusively in Rushville at F. E. Wolcott's drug store; in Arlington at Mrs. L. T. Davis's; in Carthage at J. H. McCarthy & Son's and in Milroy at Barton & Sheppard's.—(Adv.)

NO REASON FOR IT

When Rushville Citizen Show a Way

There can be no reason why any reader of this who suffers the tortures of an aching back, the annoyance of urinary disorders, the pains and dangers of kidney ills will fail to heed the words of a neighbor who has found relief. Read what a Rushville citizen says:

Mrs. Lizzie Borem, 840 W. 9th St., Rushville, says: "About six years ago I began to have trouble with my kidneys. The kidney secretions were very annoying and the trouble kept getting worse. The kidney secretions were very painful in passage and scanty. Doctors said it was gravel, but none of them even did me any good. A short time ago I heard of how someone else was cured by Doan's Kidney Pills, so I got a box at Wolcott's Drug Store. They helped me and I kept on using them. I have taken four boxes so far and the pain has left and I feel a great deal better. I believe that Doan's Kidney Pills will cure me."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Borem had. Foster-Milburn Co., Props., Buffalo, N. Y.—(Adv.)

The Fishing Cure

There's nothing that builds up a toll weary soul
Like a day on a stream,
Back on the banks of the old fishing hole
Then a fellow can dream.
There's nothing so good for a man as to see
From the city and lie
Full length in the shade of a whispering tree
And gaze at the sky.
Out there where the strife and the greed are forgot
And the struggle for pelf,
A man can get rid of each taint and each spot
And clean up himself.
He can be what he wanted to be when a boy.
If only in dreams;
And revel once more in the depths of a joy
That's as real as it seems.
Things that he hates never follow him there
The jar of the street,
The rivalries petty, the struggling unfair—
For the open is sweet.
In purity's realm he can rest and be clean,
Be he humble or great,
And as peaceful his soul may become as the scene
That his eyes contemplate.
It is good for the world that men hunger to go
To the banks of a stream,
And weary of sham and of pomp and of show
They have somewhere to dream.
For this life would be dreary and sordid and base
Did they not now and then
Seek refreshment and calm in God's wide open space
And come back to be men.

TIDE IS RISING AT GALVESTON, TEX.

Fear of Another Disastrous Flood is Aroused Because Hurricane is Headed That Way

MAY HIT NEAR BROWNSVILLE

(By United Press.)
Houston, Texas, August 18.—Railroad and interurbans have been running special trains all day carrying persons from Galveston to the mainland as a result of a slight rise in the tide at the Galveston sea wall, attributable to the gulf hurricane. The local weather bureau says the storm will strike the coast probably late this afternoon between Brownsville, Galveston and Houston. The wind may reach a maximum of 50 miles an hour. At noon the wind was blowing 30 miles an hour here.

WIRES DOWN

(By United Press.)
Dallas, Texas, August 18.—The local Western Union office reported that all wires between San Antonio and Brownsville went out shortly before 2 o'clock this afternoon. The interruption is believed due to the Galveston hurricane.

POINTED PARAGRAPHS FROM SPEECH OF ACCEPTANCE OF CHARLES E. HUGHES.

It is apparent that we are shockingly unprepared.
When we contemplate industrial and commercial conditions, we see that we are living in a fool's paradise.
Not only have we a host of resources short of war by which to enforce our just demands, but we shall never promote our peace by being stronger in words than in deeds.
We are neither deceived nor benumbed by abnormal conditions. We know that we are in a critical period, perhaps more critical than any period since the civil war.
The administration utterly failed to perform its obvious duty to secure protection for the lives and property of our citizens. It is most unworthy to slur those who have investments in Mexico in order to escape a condemnation for the nonperformance of this duty.
It is only through international co-operation giving a reasonable assurance of peace that we may hope for the limitation of armaments.
We have determined to cut out, root and branch, monopolistic practices, but we can do this without hobbling enterprises or narrowing the scope of legitimate achievement.
We demand a simple, business-like budget.
I believe it is only through a responsible budget, proposed by the executive, that we shall avoid financial waste.
We have had brave words in a series of notes, but, despite our protests, the lives of Americans have been destroyed.

WILSON VETOES THE ARMY BILL

His Action Results From Provision Exempting Retired Officers From Service

CHANGED BILL INTRODUCED

In His Veto Message President Suggests Constitutional Objection to Legislation

(By United Press.)

Washington, August 18.—President Wilson today vetoed the army appropriation bill. His action resulted from a provision on the bill exempting retiring army officers from liability of service and discipline under the articles of war.

The exemption provision itself grew out of exceptions made by certain retired officers when asked to serve at recruiting offices and mustering stations following the outbreak of the Mexican situation.

Within an hour after the veto reached the house, Chairman Hay who fathered the exemption plan, introduced the measure minus any mention of the articles of war.

In his veto message to congress the president suggested a constitutional objection to such legislation. So long as retired officers are continued in their positions as members of the United States army, he said, they can not under the constitution be relieved of obedience to the president. The message expresses doubt that the majority of retired officers wanted such an exemption.

ADEQUATE NATIONAL DEFENSE DEMANDED

We demand adequate national defense; adequate protection on both our western and eastern coasts. We demand thoroughness and efficiency in both arms of the service. It seems to be plain that our regular army is too small. We are too great a country to require of our citizens who are engaged in peaceful vocations the sort of military service to which they are now called. As well insist that our citizens in this metropolis be summoned to put out fires and police the streets. We do not count it inconsistent with our liberties, or with our democratic ideals, to have an adequate police force. With a population of nearly 100,000 we need to be surer of ourselves than to become alarmed at the prospect of having a regular army which can reasonably protect our border, and perform such other military service as may be required, in the absence of a grave emergency. I believe, further, that there should be not only a reasonable increase in the regular army, but that the first citizen reserve subject to call should be enlisted as a federal army and trained under federal authority.—From Mr. Hughes' Speech of Acceptance.

ADVISES MEN TO STAY HOME

Secretary of Chamber of Commerce

States That Labor Conditions
are Not Healthy

HIGH WAGES FOR TIME BEING

Other States May Pay Higher
Prices Than Indiana but not so
in the Long Run

(By United Press.)

Indianapolis, August 12.—Indiana working men who have good jobs in the Hoosier state should think twice before they give them up to accept positions in cities where manufacturing is booming and where high wages are being paid.

This was the warning issued to Indiana working men today by Ernest N. Smith, general secretary of the Indianapolis Chamber of Commerce. Smith has just returned from a trip through the middle west during which he conducted a thorough investigation of labor conditions. His investigation followed attempts by manufacturers from neighboring states and eastern cities to induce Indiana working men to leave the state through the offering of high wages.

"It is true that in a number of cities in the middle west and the east wages are higher than in Indiana," said Secretary Smith to the United Press today, "but everything connected with living has risen equally in price. The state of Indiana is enjoying a healthy business growth and there is practically none of the feverish boom conditions found in other states. Any Indiana working man will make money in the long run by staying in the state."

In several cities where there is a business boom of large proportions because of war orders, hundreds of carloads of household goods are standing on the railroad tracks because of the inability of their owners to secure houses, according to Smith. In other cases workmen on going to a boom town have been forced to live in two and three room apartments.

"A number of large manufacturers who are now profiting from rush orders told me," said Smith, "that they can not much longer stand the strain of the high wages now being paid skilled mechanics and industrial workers. The moment the orders slacken in the least they say they will be forced to decrease wages and curtail their working force. It is natural that the newcomers will be dropped first."

"In view of conditions as I found them everywhere my advice to Indiana working men is to stay at home even if wages are lower."

HOOSIER BRIEFS

Hartford City—The death knell of the common drinking cup in the Blackford county court has been rung. Following the general order issued by the state board of health, the county commissioners has appropriated money for three fountains.

Pennville—Whigley Jay county will again figure as an oil producing region will soon be known. A well is being driven here which will answer the question forever as far as Pennville is concerned. A number of old wells are still producing but no high-producing ones have been drilled for several years.

We put it up to
Hundreds of Dentists

Long before SENRECO was offered to you we submitted it to hundreds of dentists, requesting that they put it to every test. Told them that we believed Senreco to be an unusually good dentifrice, especially as to its cleansing qualities and its remedial action on sore, soft, bleeding gums; in the treatment of Pyorrhea, etc. Submitted the formula and asked them their opinion. They tested Senreco from every angle, some going even so far as to make a chemical analysis.

**And They
Voted Yes**

With practically one accord—said:

"Senreco appeals to me more than any dentifrice I have ever seen." "I cannot say too much for Senreco. It's one of the best I have used." "I can recommend Senreco as the best." HOW TO SELL THINGS THAT ARE "FOR SALE"

Write your "For Sale" ad SIMPLY stating every detail about the article that you would want an ad to give if you were anxious to buy something of the kind yourself. Give a little thought to the "selling points" about the article, and put THEM into your ad. Then run the ad MORE THAN ONCE, if that is necessary. It may or may not be.
